

Lindsey Lodge Hospice

Situated in the heart of North Lincolnshire, Lindsey Lodge Hospice has been providing high quality, specialist palliative care to local people and families living with life-limiting illnesses for over 25 years.

Every year, our staff and volunteers touch the lives of thousands of people, either directly as patients, or by supporting family members or carers, before, during and after one of the most difficult times in their lives.

We're run as an independent charity and receive less than 20% of our funding from the NHS, so we therefore rely on the kindness and generosity of local people and organisations to help us to continue to deliver our care free of charge to patients in North Lincolnshire.

We are immensely privileged to deliver a service which actually affirms and improves quality of life by providing patients with relief from symptoms, pain and stress, enabling their dignity and supporting their loved ones through the highs and lows of their illness and beyond.
