Hundreds of people get up and glow for Lindsey Lodge

Welcome from the Chief Executive

Welcome to the September edition of Hospice News, which features a summary of our news and work undertaken this month. Despite the difficult climate we are all facing, it's absolutely fabulous to see so many personal challenges and donations to support our work. Our continued support from the local public is amazing and obviously much needed as our income challenges continue. We have also seen many more volunteers return to us in September, this is really appreciated and valued and it's been lovely to see a return of some very familiar faces as well as some new volunteers of whom we welcome.

We still require more volunteers in our retail outlets and retail distribution centre and are keen to hear from anyone you might know with a flair for fashion and merchandising skills. We are very keen to offer a 'taster' session with them to help understand if our work is something they could contribute to.

We eagerly await the return of some of our wellbeing patients of whom we have been keeping in touch with via telephone contact or seeing on a 1:1 basis and are hoping that October sees us able to provide some group sessions. The Wellbeing Centre is almost finished with funding from grants and will provide a freshly decorated and improved environment for our use.

*Sincere thanks,
Karen Griffiths*

Hundreds of people get up and glow for Lindsey Lodge

Hundreds of local fundraisers have demonstrated their commitment to their local hospice by stepping out to complete their very own 10-mile walk on Friday 11 September.

Plans for Lindsey Lodge's Glow Walk had to be changed 24 hours before the event following the Government's announcement of new guidelines regarding the gathering of large groups. After consulting local public health teams, the Hospice took the difficult decision to cancel the mass-participation event and invite walkers to take part virtually.

Hospice staff set up a drive through collection station at its Burringham Road base for people to collect their individual walking packs, and an official Glow Walk 2020 Facebook group was created so that hundreds of participants could complete their walk over the weekend and share their experiences online.

We've launched our rebranded logo!

Following an agreement at its latest meeting of the Board of Trustees, Lindsey Lodge has rebranded its logo to reflect the extent of its care portfolio.

Lindsey Lodge Chief Executive Karen Griffiths said: "Lindsey Lodge serves the local community with a significantly larger number of services than when it first opened 28 years ago and our new logo represents how our brand has evolved over this time."

She added: "As well as providing vital end of life care, Lindsey Lodge offers North Lincolnshire patients and families a wide range of other healthcare services.

"We're now delivering a variety of innovative services and interventions, such as our Breathe Easy Enablement Programme (BEEP), which not only helps patients with self-management of their conditions, but has also been proven to relieve pressure on emergency services and the local acute trust.

"We're very proud of our dedicated team here at Lindsey Lodge who have made great steps in continuing to develop pioneering care and treatments and feel our new branding reflects our ongoing journey."

79 year old Pam raises £250 with her #Challenge28

79 year old Pam took on our #Challenge28 and gave up chocolate, crisps, cakes, biscuits and gin for 28 days and raised an amazing £250 for Lindsey Lodge Hospice. Thank you to Pam for her amazing support.

Well done to our super skydivers!

A huge well done and thank you to our super skydivers Sarah Jane Schofield, Linzi Dawson & Cathy Seddon who jumped from 15,000 feet on Monday afternoon!

Unfortunately our Skydive on Saturday was cancelled due to the weather, but each one has been rearranged and these ladies were the first to jump.

We can't wait to see our remaining skydivers take to the sky in the coming weeks.

Care updates

Hospice staff raise £1,125 with their Challenge 28

Staff at Lindsey Lodge got behind our Challenge 28 and completed a 28 mile bike ride here at the Hospice in one day, raising an incredible £1,125!

Thank you to them all for their fantastic support and to everyone who donated.

Project ECHO update

The Project ECHO team has been delivering training since January this year. They are delighted to report that they have now trained 1000 participants across North and North East Lincolnshire!

As lockdown hit, the team swung into action to help partners across Northern Lincolnshire deliver much needed training to both the care sector and community nursing staff. The team's familiarity with using Zoom as a training platform and delivering training virtually was attractive to partners who needed to disseminate important COVID-19 information to care homes and care providers.

Just some of the topics covered were Clinical Observations, Infection Control and PPE, MUST Screening, Syringe Driver Updates and Care in the Last Days of Life. They have recently started a Fatigue and Frailty Network with care providers across the area. The support of the Wellbeing Team in delivering this has been invaluable. Sessions planned for the next couple of months include Oral Health Care, Infection Control Train the Trainer Updates and Pressure Sore Prevention.

Project ECHO Training and Education Manager Emma Sayers said: "I am delighted that we've reached this significant milestone and look forward to continuing our work in the second year of the project."

Project ECHO is helping to build communities of practice across North and North East Lincolnshire, particularly focusing on care homes and home care providers. It is funded by the Humber Coast and Vale Workforce Consortium.

Staff help to create precious memories for patient's daughter

Lindsey Lodge staff go above and beyond to create memories for patient and her daughter.

Lindsey Lodge Healthcare Assistant Louise completed a beaded picture for a patient who sadly passed away before she was able to finish the picture of her dogs. Louise was asked by the patient to complete the picture for her daughter, so Louise took it home to complete and frame, giving the patients daughter a gift to treasure.

Clinical and catering staff worked together to create precious memories for the patients daughter as they organised an 18th birthday tea and several afternoon teas for the patient, her family and friends to enjoy together at the Hospice.

Thank you from our IPU team

Our IPU team wanted to say a huge thank you to everyone for their incredible ongoing support and have created this fantastic board to celebrate the amazing things people have been doing to support Lindsey Lodge!

Your Opinion Counts...

Thank you to everyone who takes the time to send us feedback by filling in our patient questionnaires, in our comments book, by post, or even via social media.

We thought we'd share a few with you so you can see—your opinion really does make all the difference to everyone at Lindsey Lodge Hospice!

Here are some recent examples of what you've said...

My husband was only in the hospice for about 72 hours before he died, but in that short time him, myself and family were treated so well. Every single member of staff that we met and looked after my husband were kind, supportive, and very friendly and efficient. We new we were going to lose my husband but they made his last few hours very settled, quite, comfortable and pain free. In all a beautiful place to leave this world.

Thankyou from the bottom of our Hearts for caring for our mum and doing so so selflessly and with such compassion.
The work you do is incredible and our family will be forever grateful

Glow Walk 2020
Thankyou too, you are amazing, you have helped so many families through a difficult time, it's the least we can do.
Thank you to all of you at the hospice! Me and my sister will be doing it every year in memory of mum.. It's the least we can do after everything you did for not just mum but us as a family! We thank you from the bottom of our heart xxx
Thank you so much to yourselves for trying to keep it on in these times. You did most of the work we just carried it on

They looked after my Dad and kept him going in the dark times and we got another year together.
Worth every penny!
