September 2022

**550 Glow Walkers raise  
thousands for Lindsey Lodge**

# *Welcome... from the Chief Executive*

*Another busy month and Hospice News captures all of our news and highlights from September.*

*The Fundraising Team hosted a very successful Glow Walk with the highest number of walkers in recent years. Despite the rain, our patients and staff waved off the walkers. Families of our inpatients offered great feedback, thanking staff for involving them in this event.*

*We have been busy in Retail as we have made changes to our donation centre and have changed the space into a 'Shop and Donate Warehouse'. Donations have been plentiful and with more selling space we can't wait to welcome customers.*

*A massive thank you to staff, volunteers and supporters for all of their continued support.*

*As we move towards Christmas there are lots more plans, events and activities to look forward to and we can't wait to share with you.*

*Best wishes,  
**Karen Griffiths***

## **Fundraisers raise thousands in biggest ever Glow Walk**

More than 550 walkers helped light up the night sky to raise much-needed funds for charity on Friday 9 September.

Glow sticks, face paint and fairy lights were in order for Lindsey Lodge Hospice & Healthcare's 10 and 5-mile Glow Walk, which took place during its 30th birthday year.

## Patients and staff enjoy Beach Party

Our Wellbeing patients celebrated the end of summer in party style, by holding a Beach Party! Grass skirts, tropical drinks and beach ball games were in order and our patients loved it. Thanks to our team for making the event so much fun!

## First home visit

We recently broke new ground thanks to our fantastic team and the support of Baden Powell with our pool car.

Our patient, Hilary, was apprehensive about how she would cope at home in her own environment. So, for the first time ever, we've been able to facilitate our very first home visit with two members of our team. We're delighted to reveal it was a great success and Hilary now feels confident returning home when she's ready.

## Sophie starts her ACP training

Sophie Clifford has commenced her level 7 apprenticeship role via the Humber and North Yorkshire Health and Care Partnership Faculty of Advanced Practice at the University of Hull, which will run over a three year period.

## We're supporting Hospice Care Week 2022

We'll be joining Hospices all over the UK in celebrating Hospice Care Week from 10-14 October 2022.

It's our chance to celebrate hospice care nationwide, and the amazing work that is being done to make sure everyone can benefit from brilliant end of life care.

We'll be 'Wearing it Yellow' on Thursday 13 October, so if you're popping in for a visit, or a bite to eat, please feel to join us in donning a yellow outfit, or accessory. We'll also be sharing some of our stories about our care and services on our social channels over the week...

## Sarah starts her PHD

Advanced Care Practitioner Sarah Hodge has now commenced her research doctorate hosted at Hull University/Hull and York Medical School, which aims to embed exercise and activity into cancer chemo-radiotherapy pathways at a national level, as exercise brings numerous proven health benefits to people living with and beyond cancer. This will run over a five year period.

## Work starts on Rehab Kitchen

Work has started on our new rehab kitchen in IPU, which has been fully funded by grant income. This will offer patients an opportunity to receive occupational therapy-led support to develop skills for independent living, we'll keep you posted on how this work progresses...

All staff are extremely supportive and I always felt encouraged to participate and ask questions. The staff are very knowledgeable, work extremely well together and made me feel very welcome. The patients were all given individualised, holistic care and treatment and it has opened my eyes to how different a hospice environment is, from the emotional support, managing symptoms and supporting the patients and their family to have a 'good death' in whichever way is important to them. I felt that I have learned so much in this placement, and would recommend it to any other student nurse.

What an emotional but an amazing night loved every minute so nice to see my mum up on screen & lovely to see people on the streets cheering us on. Also a huge thank you to Lindsey hospice for everything you do.

Fabulous evening as always!!

Such a great night can't wait for next year already, well done everyone

Our first Glow walk but it won't be our last well done to everyone it was a fabulous night

Glow Walk 2022

I am an experienced Director in an Acute Hospital Trust, I therefore felt suitably qualified in being able to recognise what good quality care would look like. I was wrong. The care given to my father by the remarkable team surpassed any expectations I could have had. Without exception, they didn't just care for him as we all aspire to do, they cared for him with profound love and compassion as if he were their own father. They enabled him not only to die with dignity and respect, but with absolutely no fear or concern, such was his confidence in the team and the love extended to him. I'm sure we would all hope we are lucky enough to meet the end of our journey in such loving and comforting circumstances, and as his family we are so deeply grateful for what they did for him, and us.

Going to share this at my own detriment! The restaurant at Lindsey Lodge is fantastic. You don't have to be visiting a patient or work there to be able to use it.

As you would expect in a hospice the facilities are clean and immaculate.

The restaurant is run by volunteers and staff alike. Sarah volunteer waited on the table and was so lovely, attentive and efficient.

My wife and I both had braised steak, mash and fresh vegetables, the steak was melt in your mouth. I even forced myself to have a pudding, fruit crumble and custard, great.

What great value, great food and great service. All profits go to support the hospice.
