Young entrepreneurs invited to take on Apprentice Challenge

We're throwing down the gauntlet for youngsters aged 8 to 16 to turn £50 in cash into as much money as possible in just 30 days.

Lindsey Lodge Fundraiser Selina Doyle said: "We're really hoping that local schools will get on board with the Lindsey Lodge Apprentice Challenge."

"Teams as small as two people, up to a whole class size can take part and it's an exciting new opportunity for young people to use their talent and creative ideas to raise much-needed funds for their local Hospice."

She added: "Once the teachers have signed up for the challenge, we'll provide a £50 start-up fund, then it's over to the teams to come up with a money making idea to make this amount grow!"

Lindsey Lodge has invited Lindsey Lodge brand partner, award winning local entrepreneur and businesswoman Nichola Threadgold on board to provide encouragement and inspiration. As well as appearing in the [launch video](#), Nichola has agreed to visit participating schools to share her experience and provide motivation by talking to the teams.

Nichola Threadgold said: "I'm delighted to be involved with the Lindsey Lodge Apprentice Challenge! "As well as inspiring the young entrepreneurs of tomorrow, it's a fantastic way for students to bring all of the skills they're learning in the classroom into a real world environment."

"There's also a prize for the team that makes the most money, so there's sure to be a little healthy competition on the way!" More [here](#)

BEEP success

We're delighted that our latest Breathe Easy Enablement Programme (BEEP) cohort have been able to attend for the full day following the recent redesign of our Wellbeing Centre Service delivery.

We thought we'd share some photos of the patients, their carers, advanced assistants, Specialist Physiotherapist, ACP Occupational Therapist, healthcare assistants, Complementary Therapist and volunteers who have been involved (Sylvia, our volunteer on Reception has been integral in keeping us all organised!) We are yet to finalise the full impact, but from just early reviews of patient outcomes, functional mobility, and hearing their verbal feedback, we know there have been some significant improvements.

One patient told us: "I initially wasn't keen on attending, but it has been the best decision. The BEEP programme has not just made a difference to my breathing, it has completely changed my life for the better!" Well done to everyone involved!"

Planting starts to flourish

Our Wellbeing patients and volunteers have worked really hard to produce some beautiful blooms this year and their efforts are now starting to pay off - we've also delivered our first salad leaves to the Catering Team!.

All the nurses are angels so caring and warming to the patients and their families that have to say goodbye to each other.

Our family could not be more thankful to the wonderful caring nursing staff that cared for our wonderful dad who passed in April, their compassion for dad & us as a family was wonderful.

Staff are so helpful when needed and nothing is too much trouble! I feel so listened to when I attend. Xxx

Just wanted to say thank you for the bereavement counselling offered to me from Lindsey Lodge. It's almost a year since my husband passed away in your amazing care. Having a safe space to grieve and talking to Emma was such a help.
