

# Business Club

*We are passionate about our local  
community and working together to build  
better relationships*

## What Is the Lindsey Lodge Business Club?

A group of local businesses that meet bi-monthly in various venues around North Lincolnshire. Each meeting has a different agenda, guest speaker or purpose, and we try to include a fun activity for you to get involved in, because networking can be fun too!

## Why Join?

Networking is a great way to make new connections and business contacts. Whether you are self-employed, a small business or a larger company, we believe networking should be in your strategy.

The best part about becoming a member is knowing that profit generated from membership goes directly back into caring for local people in our community.

## Charity Networking

Being a part of a charity networking group is a good way to kickstart your corporate social responsibility (CSR) as it displays good ethics, strong principles and giving back to your local community.

Our members proudly display their Business Club certificate and sticker in their reception to showcase their commitment to the local area.

# What's Included

## £30 a month +VAT

- Invite to all of our bi-monthly meetings at no additional cost

# Testimonial

The Business Club events are always very well organised and equally well attended. HITEK joined to increase our visibility within the community. The connection with Lindsey Lodge Hospice and the Business Club have allowed us to build relationships with local businesses and people. We are excited to see what 2024 brings and we look forward to the next meeting!” – **Cameron, HITEK**
